

ENDURA® 1000LINEAR LONG BED GANTRY MILLING MACHINE

ADVANTAGES AT A GLANCE

- Specialist or large volume workpieces
- Ergonomic loading
- Travelling operator cabin for optimal process monitoring
- Traveling tool changer
- Market leader in the machining of aluminum profiles for the rail technology
- Individual clamping concepts and fixtures on customer request
- Available with mechanical drive components or modern linear motor drives
- Three-station component machining for process-parallel loading and unloading
- FSW retrofit solution for friction stir welding with max. axial force of 25 kN
